

## Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

### BPI Technology Revolution – BPI Technology Revolution Class I a Sub-Fund and Class of BPI Global Investment Fund (ISIN: LU0678329656)

BPI Global Investment Fund is managed by Caixabank Asset Management Luxembourg S.A.

#### Objectives and investment policy

The Sub-Fund's investment objective is to provide Unitholders with long-term capital appreciation through the investment in a diversified portfolio of equity securities and other types of transferable securities issued by companies across the globe, who are pioneering the various themes present in the technology revolution such as but not limited to robotics, artificial intelligence, big data analytics, machine learning, Internet of Things (IoT), Fintech, Cloud Computing, 3D printing. In terms of geographical asset allocation, there are no restrictions.

To pursue this objective, the Sub-Fund will mainly invest in equity securities, including non-voting preferred stocks, bonds with acquisition rights, warrants or any other financial instruments that attribute a subscription right. The Sub-Fund may also in aggregate invest up to 20% of its NAV in convertible bonds and/or in eligible ETFs which have their performance linked to a basket of shares and/or equity indexes compliant with the CSSF circular 14/592. The Sub-Fund will not have any exposure to contingent convertible securities ("CoCos").

The Sub-fund pursues an actively-managed investment strategy.

The Sub-fund refers to the following Benchmark: MSCI ACWI Info Tech Net Return converted to euros – M1WD0IT Index.

The benchmark is indicated for information purposes only, and the Fund manager does not intend to track it or to limit the Sub-fund's portfolio to the constituents of the Benchmark. There are no restrictions on the extent to which the Sub-Fund's portfolio and performance may deviate from the ones of the Benchmark.

Units in this Sub-Fund may be subscribed and redeemed upon demand on every Luxembourg Banking Day.

The Sub-Fund only offers capitalisation Units, which aim at accumulating the net income which is subsequently reflected in the Net Asset Value per Unit, and therefore the income arising from the Sub-fund is not distributed.

**Recommendation:** this Sub-Fund may not be appropriate for investors who plan to withdraw their money within 5 years.

For more information before investing, please consult the Sub-Fund's full prospectus.

#### Risk and reward profile

← Typically lower reward							Typically higher reward →	
← lower risk							higher risk →	
1	2	3	4	5	6	7		

This indicator is based on simulated historical data which may not be a reliable indication of the future risk profile of such Class. The categorisation of the Class in the scale is not guaranteed to remain unchanged and may shift over time. The lowest category does not mean a risk-free investment.

**Why this category?** The Sub-Fund is in this specific category because it has shown a high level of volatility.

The main risks the Sub-Fund will face are market risk and currency risk. The Sub-Fund will also be exposed to liquidity risk as there are no restrictions to a minimum market

capitalization required geographically. More residual is the exposure to counterparty risk, that will be assumed by OTC exposures and interest rate/issuer specific risk from exposures to a fixed income assets.

An extensive outline of all the risk factors may be found under section 5 "RISK FACTORS" in the Prospectus.

In particular the following risks factors must be considered for the Sub-Fund:

- The risk of devaluation of the assets of the Sub-Fund, which depends among other factors on the perspectives of economical growth and future profits from companies.
- The risks associated to the use of derivative instruments.
- Currency and foreign exchange risk.

## Charges

One-off charges taken before or after you invest	
Entry charge	3%
Exit charge	0%
This is the maximum that might be taken out of your money before the proceeds of your investment are paid out.	
Charges taken from the fund over each year	
Ongoing charges	1.16%
Charges taken from the fund under certain specific conditions	
Performance fee	None

The ongoing charges figure is based on expenses for the year ending on 31 December 2020. This figure may vary from year to year. It excludes:

- Performance fees
- Portfolio transaction costs, except in the case of an entry/exit charge paid by the UCITS when buying or selling units in another collective investment undertaking.

The charges you will pay are used to pay the costs of running the fund, including the costs of marketing and distributing the fund and such charges reduce the potential growth of the investment. More detailed information on charges can be found in section "Expenses, Fees and Costs" of the prospectus of BPI Global Investment Fund.

The entry and exit charges shown are maximum figures. In some case you might pay less. You can find this from your financial advisor.

## Past Performance

The graph shows annual performance in EUR. Launch of the unit class: 2 November 2011.

Past performances are not a guarantee of future Performances.

The attention of the investors is drawn to the fact that the investment policy of the sub-fund has been amended with effect as of 30/10/2020, therefore the past performances reflected in the graph is not relevant to the new investment policy.

All charges have been included except subscription, redemption and conversion fees.
